MARIN SHOW: ART of the AMERICAS

The annual Marin Show: Art of the Americas celebrates its 27th year as the most substantive ongoing showcase focused on the indigenous arts from across North, Central and South America. The show brings together top and passionate dealers, collectors, artists, and academia from across the world. A staple of the Marin Center's annual programming, the show's main floor focuses on antique material, with the adjacent Embassy Suites Hotel ballroom showcasing contemporary Native American Indian and Latin American art and artists.
