Historic Native American Art Special Feature

Historic Native American art is as diverse as the tribes and artisans who created it. Hopi baskets, Navajo blankets, Inuit woodcarvings, detailed pottery and jewelry are just a few of the culturally rich works that are collected today. *Western Art Collector* will present our 6th annual special section devoted to historic Native American art in our February issue.

Our **Historic Native American Art Feature** will relay how dealers, galleries, museums and shows have kept this art form alive and thriving for future generations to study and collect. Join us as we highlight this genre of art in conjunction with our coverage and media sponsorship of the 31st annual *Marin Show: Art of the Americas*.
